

HP TippingPoint Product Bulletin

Product Bulletin #1049

Subject: TOS v3.6.4 Factory Release for HP TippingPoint Products

Date of Announcement: May 11, 2015

Effective Date for New TOS: November 11, 2015

Summary:

TOS v3.6.4 will be released to manufacturing for both newly purchased devices as well as RMA's for Affected Products listed below.

Affected Products

Prior TOS Version	Description
3.2.6	S10, S110, S330, 660N, 1400N, 2500N, 5100N, 6100N

Key Driver for this change:

- End of support has been announced on TOS v3.2.x, and will come into effect in September 2015. The key driver for this change is to move manufacturing to supported version of TOS.

Recommended action:

- Please test and certify TOS v3.6.4 at your earliest convenience.

Service offerings:

- HP will offer TAC or professional service assistance to help in qualifying this new release of software for your network. Please contact your local Sales Engineer or TAC for additional assistance on this process.

If you have concerns or further questions regarding this issue, please contact the HP TippingPoint Technical Assistance Center (TAC).

Thank you,
