

# HP TippingPoint Product Bulletin

## Product Bulletin #1054

**Subject:** Factory Release Notification for HP TippingPoint v3.7.2 for NX IPS Family

**Date of Announcement:** September 22, 2015

**Effective Date for New TOS:** September 22, 2015

### Summary:

TOS v3.7.2 will be released to manufacturing for both newly purchased devices as well as advanced hardware replacements (RMA) for the Affected Products listed below.

### Affected Products

Prior TOS Version	Impacted Products
3.7.1	2600NX, 5200NX, 6200NX, 7100NX, 7500NX

### Key Driver for this change:

- Provides enhancements to the manufacturability of these products
- Standardizes all NX products to a more recent supported version of the TOS

### Recommended action:

Test and certify IPS TOS 3.7.2 at your earliest convenience.

### Service offerings:

HP TippingPoint will offer TAC or professional service assistance to help in qualifying this new software release for your network. Contact your local Sales Engineer or TAC for additional assistance on this process.

If you have concerns or further questions regarding this issue, contact the HP TippingPoint Technical Assistance Center (TAC).

Thank you,
