

## Product Bulletin #1094

### Urgent notice for customers running SMS TOS version 5.5.3

**Date of Announcement:** August 4, 2022

**Affected Versions:** SMS TOS v5.5.3

**Summary:** A database configuration issue introduced in SMS TOS v5.5.3 can cause database performance degradation and possible increased disk space utilization.

**Resolution:** Install SMS v5.5.3 Patch 1 as soon as possible.

**Note(s):** A patch and a hotfix have been made available to address this issue.

**Option 1:** Install [SMS v5.5.3 Patch 1](#)

**Option 2:** If you cannot install the patch as soon as possible, install the hotfix ([hotfix-81010](#)), which is included in SMS v5.5.3 Patch 1.

Contact the Trend Micro TippingPoint Technical Assistance Center (TAC) if you have concerns or further questions regarding this issue.

Thank you,
